NOTE. In order to assist bidders, Mr. Elder will be glad to advise them in regard to the value of any lot in this sale,

A GREAT COIN SALE.

In presenting our first public auction sale for the New Year 1920, it is proper to enumerate just a few of the many items of special interest to be found in this catalogue. In gold we have fine ancient, mediaeval and modern foreign coins, and a choice lot of early American, not to forget two Wass Moliter & Company $10 pieces, each differing. Fine and rare early United States gold includes the rare quarter eagles of 1797, 1825 and 1829; the Eagles and half eagles include our earliest issues, some of them in remarkably fine preservation. Among these also are the 1873 $3.00 gold piece and a gold proof set of 1876. The United States silver coins are offered in profustion, with many early issues and half dollars of 1796 and 1797. Many choice ancient silver coins are offered, more in fact than in the last sale, which should attract a large number of bids. In Cents we have every date represented, mostly by very choice examples, including a very fine 1823. The half cents are many and we note an uncirculated 1794 among them, perfect as the day when struck. It is hard to give a definite idea of the variety and extent of so lengthy and important a sale. The "Bungtown" Copper collection is remarkable, possibly the largest lot ever offered at auction; many mint-marked U. S. silver coins are offered, some of them very rare. In foreign crowns and double crowns there are many of interest and rarity. In Foreign copper issues we have rare plate money issues including an Ulrica Eleanora 2 Daler piece of the greatest rarity. The political medals include some of the rarest. The early presidents such as Jackson, Van Buren, Harrison, Lincoln and Grant are represented by a wonderful showing. We have oriental silver and copper, French Art medals, not to mention rare paper money and Continental notes of New Hampshire, numbered among the rarest of the rare. Part II of the Wendell collection of Amusement medals and tokens adds an interesting phase to the sale. We note many fine war medals. It is the longest sale we have held for years and should draw your attention. Kindly note that silver bullion has advanced so that a full sized dollar now melts for a dollar or over, which should result in saving pen and ink by making ridiculous bids for foreign silver coins. 1856 cents of the proof sort found in this sale also are not offered for $5.50 each. **Send in your bids early please.**

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

EXCEEDINGLY RARE SLAVE JACKSON TOKEN.

With Male Kneeling Slave, and "United States of America" Reverse. The Third Known Specimen.

2177 Obv. A male slave kneeling in chains to right. AM I NOT A MAN & A BROTHER. 1838. Rx. UNITED STATES OF AMERICA around border; LIBERTY 1838 inside the wreath. A token of fine workmanship, indicating that the designer of the female slave token (Low 54) made the dies for this very rare piece. Until a very few years ago no example of this token was known, when one was sold in a local sale for about $110. Mr. Low sold the second specimen found a couple of years ago. Those two are all that are known with the exception of this newly found example. Very fine. Should bring a big price. Of course it belongs in Mr. Low's list of hard times tokens, since a companion piece of Low 54 and of American origin.
